# Avev India Electronics Private Limited

<https://www.indiamart.com/avewindiaelectronics/>

We are a unique entity in the industry, actively committed to manufacturing an extensive array of Mobile Charger and Data Cable. Also, these products are known in the market for their long service life and easy usability.

## About Us

Incorporated in the year **2016**, we **Avev India Electronics Private Limited**, have uniquely positioned ourselves as the prominent manufacturers of an exceptional quality assortment of Mobile Charger and Data Cable. Offered products range consists of Car Chargers, Mobile Charger, and Data Cables. To manufacturer mobile charger and data cable, we use high-quality components. Apart from this, these mobile charger and data cable ranges are admired due to their features like high performance, strong construction, and long service life.

These products are made under the strict supervision of our professionals and demanded by our customers for their quality. Also, our professionals are divided into several units. In addition to this, the offered range is provided at the most reasonable rate possible. Also, to keep standards of the quality, our professionals check this mobile charger and data cable on different quality parameters.

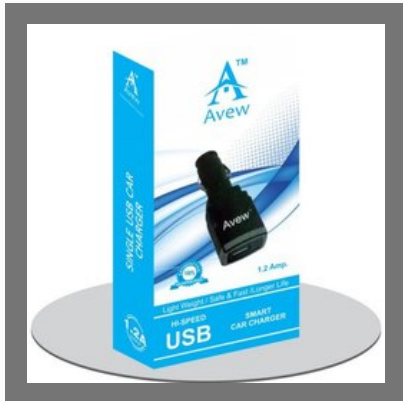

We have conquered a great position in the market because of the perfect leadership and supervision of **Mr. Raj Kumar Sharma**. The experience he holds in the market has uplifted the professional standing of the company.
